Data Description

The competition dataset contains text from works of fiction written by spooky authors of the public domain: Edgar Allan Poe, HP Lovecraft and Mary Shelley. The data was prepared by chunking larger texts into sentences

Overview · **Data** · Kernels · Discussion · Leaderboard · Rules

Join Competition

File descriptions

- **train.csv** - the training set
- **test.csv** - the test set
- **sample_submission.csv** - a sample submission file in the correct format

Data fields

- **id** - a unique identifier for each sentence
- **text** - some text written by one of the authors
- **author** - the author of the sentence (`EAP` : Edgar Allan Poe, `HPL` : HP Lovecraft; `MWS` : Mary Wollstonecraft Shelley)

A reminder about playground competitions: On Kaggle, the spirit of playground competitions is to have fun and learn together. Your score on the leaderboard doesn't earn you points, but you can still make it a rewarding competition for everyone by sharing your code in Kernels and contributing to Discussions (there are prizes for both!). In short, please don't look up the answers.
